Vice President TAS - Anthony Morgan
Newsletter Editor - Kate Carey
Past president - Paul Armstrong

Congratulations to National Champions Kylie and Mia Vaiciurgis in 10298 2 Flamingos Dancing.

Presented with the Silver Heron trophy for the second time, Kylie and Mia had previously won the national title in 2023. They won again resoundingly in eight races at Wangi, Lake Macquarie NSW in January 2026.

In this issue you will find a blow by blow Nationals Race Report, a message from the President including notes from the meeting of members at the Nationals and fantastic photos of all the action.

Congratulations to Chris Denman and the NSW Heron Association on a fantastic National Champions at Wangi, Lake Macquarie. Great sailing and, as always, a fun Heron social program made for a very successful regatta.

FROM THE PRESIDENT

Welcome to all Heroners to the first Newsletter for 2026.

Firstly, congratulations to Kylie and Mia V for another dominant performance in winning the Heron National Championships earlier this year. Kylie and Mia were pushed hard but were simply too consistent, prevailing with a fabulous display of regatta sailing. Well done Kylie and Mia – you are absolutely amazing!

Congratulations also to the NSW organising committee and the team at Wangi Amateur Sailing Club – and what a fantastic place for a National Titles regatta. Like most regattas, it often falls to a small number of individuals to carry a significant share of the organisational workload, and I think we can all agree that Chris and Chelsea Denman put an enormous amount of effort and heart into making the event a truly amazing experience for everyone. Thank you, Chris and Chelsea!

As always, we took the opportunity during the Nationals to hold our Annual Meeting of Members. The purpose of this meeting is to provide members with an opportunity to discuss the health and future of the class.

This year, the conversation was dominated by ideas from the Measurement Committee regarding the size of windows in the jib and genoa, and the safety benefits of ensuring adequate visibility. It was resolved that the Measurement Committee would review this matter and come back to members with a recommendation for a by-law change. Once circulated, the proposal will be available for members to review and comment on ahead of any vote, in accordance with our constitution.

The second major topic of the meeting centred on the success of the genoa within the class, and how this change has proven effective in allowing a heavier crew combination to compete on a more equal basis.

10255 Unleashed sailed by Tristan Davis and Claire Cabuil at the 65th Heron Nationals Wangi Wangi Lake Macquarie 2026

We acknowledge the traditional owners and custodians of the lands on which we walk and waters on which we sail. We recognise their continuing connection to the land, water, culture and community. We pay tribute to all of those who have nurtured the sea, rivers, lakes and streams over many thousand of years. May we sail gently and respectfully upon these waters. We pay our respects to their Elders past, present and emerging.

FROM THE PRESIDENT

What was most important for the class was ensuring that sufficient time was taken to achieve equality of outcomes, so that we didn't end up with different "divisions" within the fleet. We all agreed that the genoa has achieved this and has been an outstanding success. Well done to all those involved in its conception!

Peter V then proposed that the class begin considering whether a third, or even fourth, jib size might be introduced to cater for additional crew weight options. Members were generally supportive of this idea, with the clear proviso that the principles of equality that proved so successful with the genoa must also apply to any further sail options. Perhaps we can continue this discussion with a short session at this year's AGM and see where the idea leads. Other topics discussed included the availability of good second-hand boats and our ability to keep track of boats through some form of class boat register. This continues to be a real limiting factor for the class and is something we should keep working on and developing ideas around.

Well, that's enough from me. I hope you are all enjoying the post-New Year sailing season. For those who can make the trip, we would love to see you at the Coffs Harbour Sprint Regatta on 25-26 April, and then at the Queensland State Championships being held at Lake Cootharaba on the weekend of 2-3 May. And of course, the next Nationals will be held at Lake Cootharaba in January 2027, so this is a great opportunity to get some local practice!

Sail well, and as always, see you on the water.

Justin Carey

Racing at the Nationals Wangi Wangi Lake Macquarie

9988 Jawani sailed by Douglas Flemming and Kimberly Nguyen

65th Heron Nationals REGATTA REPORT

The 65th Nationals started somewhat ominously on Sunday 4th of January, with many competitors arriving at Wangi Wangi RSL Sailing Club on Lake Macquarie in the middle of a fierce storm, complete with lightning, thunder and a torrential downpour. Fortunately, this was not to be a portent for the series, which commenced the following afternoon and was sailed with a range of beautiful sailing breezes and warm weather.

Boats gathered from hosting state NSW, as well as Queensland, South Australia, ACT and Tasmania. On display was the full range of crews that the Heron 'family' class is known for. There were sailors from 3 years of age to 83, family combinations with parents and children, husbands and wives, siblings, teenage combinations, great friends, newcomers and old hands of the class.

Similarly, there was a huge variety of boats. Alan and Luke Takacs successfully raced one of the oldest boats sailed in a Nationals for many years, with the recently rebuilt 3920 performing exceptionally well. There were also professionally built timber boats, Mark 1 and Mark 2 fibreglass boats, home built timber boats, framed hulls and stitch and glue versions, along with refurbished older boats, some of which were over 40 years old. In the sail plans, we also saw standard jibs and genoas.

10272 O for Awesome sailed by Paul Armstrong and Claire Harris (three years old)

3920 Sir Old Tacker sailed by Allan and Luke Takacs

The most extraordinary thing about all these versions of Herons was that the racing on the water was extremely close, suggesting little difference between choice of boat. This is surely testimony to how the class has regulated itself over a long period of time to give people choice and allowing appropriate development, while still maintaining the integrity of the racing.

Despite a hand injury, which unfortunately excluded Peter Vaicurgis from the racing, the Measurement Team under his direction efficiently weighed boats, completed checklists and stamped (stickered) sails, over Sunday and Monday morning, with no major problems reported. The fleet was now ready for the shakedown races on Monday afternoon.

There was some concern that the clearly 'B' Certificate Heron being sailed at lunchtimes and after races by Shane Greaves might have an unfair advantage if raced, but to his credit, he stuck with 'Forever Young' and left the Rainbow ashore to be admired instead!

Racing started on Monday with the Invitation Race followed by the ever-popular annual Crews Race, which gives those up front the chance to showcase their skills. There were some 'unkind' comments after the race about the standard of for'ard hand work evident, but there were also a number of new skippers unleashed who showed they have plenty of talent and have learnt a lot about racing whilst sitting 'up front'.

10353 Wise Old Owl sailed by Greg and Olivia Harris

10299 Aloha sailed by Ryan and April Savage

10251 A Power sailed by Elyce and Saige Gresty

5805 HazJam sailed by Jemima Carey and Harriet Buckley

7801 Eos sailed by Neil Burford and Finn Bartman

Junior Champions 10289 Flo sailed by Finnagan Savage and Joel Vaiciurgis

The weather throughout the regatta was perfect, with a bit of everything. The strongest breeze for the series came up in Heat 7 (around 18-20 knots). Crew work was more critical than ever, with a couple of crews taking a spill at the gybe mark. The sighting of a large dorsal fin twice during the race made the crew of 'Dynamite Jack' commit to the fastest water exit ever seen in the event of any capsize!

Overall, the racing was characterized by close, spirited, but fair racing. Whilst the hotly contested starts lead to a number of general recalls and a couple of black flags, there was generally a minimum of on water incidents, with many boats exonerating themselves on the water, with very few needing resolution ashore.

Sincere thanks should be extended to the Wangi Club teams, whose friendly and skilled volunteers ran a truly professional series, where friendly racing and good company could flourish. To the PRO Tony Outteridge and his team of race officials and rescue boat crews, a very warm thank you for the many hours you dedicated to host such a terrific series for us. To those who ran the Canteen and managed onshore operations, a similar heartfelt thanks is due.

To the NSW Heron Association Executive, congratulations and thanks also for the huge amount of work that went into making this series the great success that it was. Special thanks must go to the indefatigable Chris Denman and his daughter Chelsea, in the middle of moving to Coffs Harbour, changing job and school, while also being able to take the lead in the day to day running of the series (as well as competing), you deserve our heartfelt thanks (and a good rest!).

The series concluded with a fitting Presentation dinner at the Wangi RSL, where we were honoured with the presence of Life Members Joy Gough, Don Jamieson and John Veale – Indeed Joy gave a spirited address celebrating the success of female crews, calling for a group photo! Indeed, this is now the third time we have had the Nationals won by a female skipper and the second time it has been done by an all-female crew.

Finally, congratulations to National Champions Kylie and Mia Vaicurgis, truly fitting winners, and to all the crews who participated. See you at Lake Cootharaba next year!

Heron Idol Superstars - Keith, Georgette, Penny and Teegan

Off the water, Heroners enjoyed a fabulous social program including a welcome BBQ, daily prize presentations and hilarious callouts for on water mishaps. The pizza night and annual shenanigans of Heron Idol was another social highlight. This year was a mix of crazy acts and real talent.

The Presentation dinner was held at the Wangi RSL. Heron legend and 10 time National Champion, Don Jamieson, awarded the Invitation race trophy and spoke of his enjoyment and love of sailing and his hopes for the future of the Heron class.

John Veale, Heron Life Member and past National Treasurer, awarded the Junior trophy. Joy Gough, Life member and former National Secretary and Heron Newsletter Editor awarded the Ladies Trophy and Helen Carey presented the National Championship trophy and placegetters.

Jan 4-9 2027	66th National Championship	Lake Cootharaba SC, Qld

Combined High Schools Regatta 7-10 April 2026

For those that don't know, the Heron has a fantastic yardstick/handicap making it the perfect boat to take to CHS!

Two years ago a heron took out second place, missing first by the slimmest of margins. Last year the three herons finished 5th, 8th and 14th out of 80 boats. The young Heron sailors have a brilliant time, making friends across classes and finding their independence at a big regatta.

We need five Herons to make a fleet and for the Heron Class trophy to be awarded. This is a fantastic trophy that has been in its bag for far too long.

Let's make a massive push to get 5+ Herons to CHS this year. Reach out to chris.sacre@hotmail.com if you want to learn more about CHS and how to go about getting involved.

THIS IS THE LIFE!

Thankfully the wild winds from before Christmas have settled down now and we have seen some good progress in our training fleet.

Sage (Sarie 5723) has been a standout, sailing independently and proving herself to be a competent and rapidly improving skipper in the better conditions. We also welcome her friend and new for'ard hand Ava, who although new to sailing, has already showed herself to be a calm and quick learner.

Sister Nieve has also been sailing well, with their father Dean upfront, usually on 'This Is The Life'. The conditions they have been out in are yet to challenge them too much.

Nieve, Dean and Ava retrieving Sarie

George and Scott ready to sail!

'This Is The Life' has continued to be an absolute boon to our emerging fleet, as it has introduced a number of people to the class recently.

Former Heron skipper John Cooper (9106 Wot Not) was able to take his Darwin-based grandchildren for their first sail in late January, while George, Keith and Scott have been enjoying some extended sailing sessions, in sometimes trying conditions. Unfortunately, a broken tiller led to a necessary rescue while under George's control.

The next day however, he, Scott and Max (For'ard hand on 9753 'Dynamite Jack') fronted at Montrose Bay Yacht Club to glue up a replacement tiller under Anthony's guidance. The same team finished it up the following day, and George took it home to apply the coats of varnish.

Tasmania News

THIS IS THE LIFE!

It is fantastic to see these younger sailors taking responsibility for the gear they use, and being so eager to learn how to undertake any necessary repairs. We now have a stunning celery top pine tiller!

Brendan has been sailing regularly, often including mid-week on the revamped 'Happy Hour'.

We look forward to seeing all our new crews moving to the next stage of beginning racing in the next few weeks, if the weather holds.

I would also like to particularly acknowledge and thank the Montrose Bay Yacht Club committee, who have agreed to provide a new public home for the 'Wiwirri' trophy, in their bar/trophy room. This trophy was donated by Andrew, Debbie and Chris Payne and records the Lindisfarne Sailing Club Heron champions from 1979 to 2016. It would have been an absolute shame to have it sitting in an obscure shed somewhere gathering dust, now that the LSC Clubhouse has been relinquished. Their respect for our long class history is greatly appreciated.

John Cooper and grandson
